## SING A SONG... CONNECT 3

## SING A SONG...

About food	With the colour red or blue	About musical instruments	About sun	That has a clapping pattern
In another Ianguage	That has a way to say "hello"	About clothing	About a kind of bird	That is fast
About a boat or a train	That has numbers	That has a name in it	About trees or flowers	About something with wheels
That is slow	From a TV show	About friends	About a holiday	About a farm animal (or animals)
About a dog or cat	About rain	That has actions	From a movie	That you learned at school

Try to get 3 in a row against a friend or family member. Sing a song that fits the category and then mark it with a colour or the first letter in your name. Take turns until someone gets 3 in a row across, up and down or horizontally.
